

Lover

I chose Taylor Swift's Album "Lover" which was created in 2019. My favorite songs are "ME" by Taylor and Brendon, and the song "Lover". The song "ME", I enjoyed the beat and the music video which makes me want to dance. I created a dance to this song. The song "Lover" from the album, I really enjoyed the performance in the music video. I love the piano sounds in the song Lover, the violin sound and her voice. I would really like to go to Taylor Swift concert one day, with my step sister Ashley.
